previous diagnosis for this condition, or if there is a diagnosis of a complication due to the claimed condition, explain your findings and reasons in the remarks section. Date of diagnosis can be the date of the evaluation if the clinician is making the initial diagnosis, or an approximate date determined through record review or reported history.

1B. Does the Veteran now have or has he or she ever had a vascular disease (arterial or venous)?

Yes

No

If yes, provide only diagnoses that pertain to vascular disease (arterial or venous):

Note: These are the diagnoses determined during this current evaluation of the claimed condition(s) listed above. If there is no diagnosis, if the diagnosis is different from a

ICD Code Date of diagnosis Varicose veins Post-phlebitic syndrome (of any etiology) ICD Code Date of diagnosis Aneurysm, any large artery ICD Code Date of diagnosis ICD Code Date of diagnosis Aortic aneurysm: ascending, thoracic or abdominal Aneurysm of a small artery ICD Code Date of diagnosis Raynaud's disease (also known as primary Raynaud's) ICD Code Date of diagnosis Raynaud's syndrome (also known as secondary Raynaud's phenomenon or ICD Code Date of diagnosis

secondary Raynaud's)

| If yes list type of procedure: | If yes list type of surgery: | Date of surgery: | | |
| 40. Indicate severity of current signs and symptoms and indicate side of upper extremity affected. Check all that apply. Noto: Trophic changes include, but are not limited to, skin changes (thinning, atrophy, fissuring, ubceston, scarring, absence of hair) as well as nail changes (clubbing, deformation). Changes Right Left Both Bot | 4C. Has the Veteran undergone any procedure other than surgery for revascularization? | C Yes C No | | |
| Note: Tropic changes include, but are not limited to, stin changes (thinning, arcophy, fissuring, aloearcton, scarring, absence of hair) as well as nail changes (dubbing, deformitions). millimitinate upper extremity pulses | If yes list type of procedure: | Date of procedure: | | |
| SECTION V - ANEURYSM, ANY LARCE ARTERY SA. Has the Veteran ever been diagnosed with an aneurysm of any large artery other than aorta? Yes No If yes, is if symptomatic? Yes No If a large aneurysm has been diagnosed, has the Veteran had a surgical procedure for the aneurysm? Yes No If a large aneurysm has been diagnosed, has the Veteran had a surgical procedure for the aneurysm? Yes No SECTION VI - ANATIC ANEURYSM: ASCENDING, THORACIC, OR ABDOMINAL 6A. Has the Veteran ever been diagnosed with an aortic aneurysm: ascending, thoracic, or abdominal? Yes No If yes, indicate type of surgical procedure for an aortic aneurysm: ascending, thoracic, or abdominal? Yes No If yes, indicate type of surgical procedure for an aortic aneurysm: ascending, thoracic, or abdominal? Yes No If yes, indicate type of surgical procedure for an aortic aneurysm; ascending, thoracic, or abdominal? Yes No 6B. Does the Veteran currently have an aortic aneurysm, ascending, thoracic, or abdominal? Yes No If yes, indicate severity: Five centimeters or larger in diameter Yes No Symptomatic (e.g., necludes exertion) Yes No OC. Does the Veteran have any post-surgical residuals due to treatment for aortic aneurysm, ascending, thoracic, or abdominal? Yes No If yes, describe symptoms or post-surgical residuals due to treatment for aortic aneurysm, ascending, thoracic, or abdominal? Yes No If yes, describe symptoms or post-surgical residuals, complete appropriate questionnaire for affected body system. SECTION VII - ANEURYSM OF A SMALL ARTERY 7A. Has the Veteran baen diagnosed with an aneurysm of a small artery? Yes No If yes, describe symptoms: If yes, describe symptoms: If yes, describe symptoms: Output Date of surgery: Date of su | Note: Trophic changes include, but are not limited to, skin changes (thinning, atrophy, fissuring deformities). Diminished upper extremity pulses Trophic changes Numbness and paresthesia at the tips of the fingers Pains in the hand during physical activity Deep ischemic ulcers | ulceration, scarring, absence of hair) as well as nail changes (clubbing, Right Left Both | | |
| SA. Has the Veteran ever been diagnosed with an aneurysm of any large artery other than aorta? Yes No If yes, indicate type of surgery: If no surgery has been done, is an aneurysm present that does not meet the requirements for surgical correction? Yes No SECTION VI - AORTIC ANEURYSM: ASCENDING, THORACIC, OR ABDOMINAL 6A. Has the Veteran ever been diagnosed with an aortic aneurysm: ascending, thoracic, or abdominal? Yes No If yes, indicate type of surgery: If no, is an aneurysm present that does not meet the requirements for surgical correction? Yes No SECTION VI - AORTIC ANEURYSM: ASCENDING, THORACIC, OR ABDOMINAL 6A. Has the Veteran ever been diagnosed with an aortic aneurysm: ascending, thoracic, or abdominal? Yes No If yes, indicate type of surgical procedure for an aortic aneurysm: ascending, thoracic, or abdominal? Yes No If yes, indicate type of surgery: If no, is an aneurysm present that does not meet the requirements for surgical correction? Yes No 6B. Does the Veteran currently have an aortic aneurysm, ascending, thoracic, or abdominal? Yes No Five centimaters or larger in diameter Yes No Symptomatic (e.g., precludes exertion) Yes No 6C. Does the Veteran have any post-surgical residuals due to treatment for aortic aneurysm, ascending, thoracic, or abdominal? Yes No If yes, describe: If there are non-cardiac symptoms or post-surgical residuals, complete appropriate questionnaire for affected body system. SECTION VII - ANEURYSM OF A SMALL ARTERY 7A. Has the Veteran been diagnosed with an aneurysm of a small artery? Yes No If yes, describe symptoms: If yes, indicate type of surgery: Does the Veteran have an aneurysm of a small artery? Yes No Also complete appropriate questionnaire according to body system affected. 7B. Does the Veteran have any post-surgical residuals due to treatment for an aneurysm of a small artery? Yes No If yes, describe: | Persistent coldness of the extremity | Right Left Both | | |
| If yes, it is tymptomate? Yes | SECTION V - ANEURYSM, AN | Y LARGE ARTERY | | |
| SECTION VI - AORTIC ANEURYSM: ASCENDING, THORACIC, OR ABDOMINAL 6A. Has the Veteran ever been diagnosed with an aortic aneurysm: ascending, thoracic, or abdominal? | If yes, is it symptomatic? Yes No If a large aneurysm has been diagnosed, has the Veteran had a surgical procedure for the an | eurysm? Yes No | | |
| 6A. Has the Veteran ever been diagnosed with an aortic aneurysm: ascending, thoracic, or abdominal? Yes | If no surgery has been done, is an aneurysm present that does not meet the requirements for | or surgical correction? Yes No | | |
| If yes, is it symptomatic? | SECTION VI - AORTIC ANEURYSM: ASCEND | ING, THORACIC, OR ABDOMINAL | | |
| If yes, indicate severity: Five centimeters or larger in diameter | If yes, is it symptomatic? Yes No Has the Veteran had a surgical procedure for an aortic aneurysm: ascending, thoracic, or abdominal? If yes, indicate type of surgery: Date of surgery: | | | |
| SECTION VII - ANEURYSM OF A SMALL ARTERY 7A. Has the Veteran been diagnosed with an aneurysm of a small artery? Yes No Is it symptomatic? Yes No If yes, describe symptoms: If yes, indicate type of surgery: Date of surgery: Date of surgery: Does the Veteran currently have an aneurysm of a small artery? Yes No Also complete appropriate questionnaire according to body system affected. | If yes, indicate severity: Five centimeters or larger in diameter Yes No Symptomatic (e.g., precludes exertion) Yes No 6C. Does the Veteran have any post-surgical residuals due to treatment for aortic aneurysm, ascending, thoracic, or abdominal? Yes No | | | |
| 7A. Has the Veteran been diagnosed with an aneurysm of a small artery? | | aire for affected body system. | | |
| 7A. Has the Veteran been diagnosed with an aneurysm of a small artery? Yes No Is it symptomatic? Yes No If yes, describe symptoms: If yes, has the Veteran had a surgical procedure for an aneurysm of a small artery? Yes No If yes, indicate type of surgery: Date of surgery: Does the Veteran currently have an aneurysm of a small artery? Yes No Also complete appropriate questionnaire according to body system affected. 7B. Does the Veteran have any post-surgical residuals due to treatment for an aneurysm of a small artery? Yes No If yes, describe: | | | | |
| Is it symptomatic? Yes No If yes, describe symptoms: If yes, has the Veteran had a surgical procedure for an aneurysm of a small artery? Yes No If yes, indicate type of surgery: Does the Veteran currently have an aneurysm of a small artery? Yes No Also complete appropriate questionnaire according to body system affected. 7B. Does the Veteran have any post-surgical residuals due to treatment for an aneurysm of a small artery? Yes No If yes, describe: | | | | |
| If yes, indicate type of surgery: Does the Veteran currently have an aneurysm of a small artery? Yes No Also complete appropriate questionnaire according to body system affected. 7B. Does the Veteran have any post-surgical residuals due to treatment for an aneurysm of a small artery? Yes No If yes, describe: | Is it symptomatic? Yes No If yes, describe symptoms: | Tes INO | | |
| Does the Veteran currently have an aneurysm of a small artery? Yes No Also complete appropriate questionnaire according to body system affected. 7B. Does the Veteran have any post-surgical residuals due to treatment for an aneurysm of a small artery? Yes No If yes, describe: | If yes, has the Veteran had a surgical procedure for an aneurysm of a small artery? | Yes No | | |
| Also complete appropriate questionnaire according to body system affected. 7B. Does the Veteran have any post-surgical residuals due to treatment for an aneurysm of a small artery? Yes No If yes, describe: | If yes, indicate type of surgery: Date of surgery: | | | |

| SECTION VIII - RAYNAUD'S DISEASE OR SYNDROME | | |
|---|--|--|
| Note: Trophic changes include, but are not limited to, skin changes (thinning, atrophy, fissuring, ulceration, scarring, absence of hair) as well as nail changes (clubbing, deformities). | | |
| For Raynaud's disease, characteristic attacks consist of intermittent and episodic color changes of the digits of one or more extremities, lasting minutes or longer, with occasional pain and paresthesias, and precipitated by exposure to cold or by emotional upsets. | | |
| For Raynaud's syndrome, characteristic attacks consist of sequential color changes of the digits of one or more extremities, lasting minutes to hours, sometimes with pain and paresthesias, and precipitated by exposure to cold or by emotional upsets. | | |
| 8A. Does the Veteran have Raynaud's disease (also known as primary Raynaud's)? Yes No | | |
| 8B. Does the Veteran have Raynaud's syndrome (also known as secondary Raynaud's phenomenon or secondary Raynaud's)? Yes No | | |
| 8C. Is there a history of characteristic attacks? Yes No If yes, indicate frequency of characteristic attacks: | | |
| Less than once a week 1 to 3 times a week 4 to 6 times a week At least daily | | |
| T to 5 times a week | | |
| With trophic changes Without trophic changes | | |
| 8D. Does the Veteran have two or more digital ulcers? Yes No | | |
| With trophic changes Without trophic changes | | |
| 8E. Does the Veteran have auto-amputation of one or more digits? Yes No | | |
| SECTION IX - ARTERIOVENOUS (AV) FISTULA, ANGIONEUROTIC EDEMA OR ERYTHROMELALGIA | | |
| 9A. Does the Veteran have or has ever had a traumatic AV fistula? Yes No | | |
| If yes, indicate site of traumatic AV fistula: | | |
| Bight upper extremity | | |
| Right upper extremity Left upper extremity Other location, specify: | | |
| Right lower extremity Left lower extremity | | |
| 9B. Indicate findings: Chronic edema | | |
| Right upper extremity Left upper extremity | | |
| Right lower extremity Left lower extremity | | |
| Stasis dermatitis | | |
| Right upper extremity Left upper extremity | | |
| Right lower extremity Left lower extremity | | |
| Ulceration | | |
| Right upper extremity Left upper extremity | | |
| Right lower extremity Left lower extremity | | |
| Cellulitis | | |
| Right upper extremity Left upper extremity | | |
| Right lower extremity Left lower extremity | | |
| | | |
| 9C. Cardiovascular symptoms: | | |
| No cardiac involvement | | |
| Enlarged heart Wide pulse pressure | | |
| Tachycardia | | |
| High-output heart failure | | |
| If related to traumatic AV fistula, complete Heart Conditions questionnaire. | | |
| 9D. Is there more than one traumatic AV fistula? Yes No | | |
| | | |
| If yes, provide location and findings for each traumatic AV fistula using the above format: | | |
| | | |

| 9E. Does the Veteran have chronic angioneurotic edema? Yes No | | | | |
|--|--|--|--|--|
| If yes, indicate severity, duration, and frequency of attacks. Check all that apply: | | | | |
| With laryngeal involvement (of any duration) Without laryngeal involvement Duration: | | | | |
| Occurs 1 or 2 times a year Lasts 1 to 7 days | | | | |
| Occurs more than 2 times a year Lasts longer than 7 days | | | | |
| Frequency: | | | | |
| Occurs less than 2 times a year | | | | |
| Occurs 2 to 4 times a year Occurs 5 to 8 times a year | | | | |
| Occurs more than 8 times a year | | | | |
| | | | | |
| Note: For purposes of this section, a characteristic attack of erythromelalgia consists of burning pain in the hands, feet, or both, usually bilateral and symmetrical, with increased skin temperature and redness, occurring at warm ambient temperatures. | | | | |
| 9F. Does the Veteran have or has ever had an erythromelalgia? Yes No | | | | |
| If yes, indicate severity, duration and frequency of characteristic attacks. Check all that apply: | | | | |
| Does not restrict most routine daily activities | | | | |
| Restricts most routine daily activities Occurs less than 3 times a week | | | | |
| Occurs at least 3 times a week | | | | |
| Occurs daily | | | | |
| Occurs more than once a day | | | | |
| Lasts an average of more than 2 hours each Responds to treatment | | | | |
| Responds to treatment Responds poorly to treatment | | | | |
| SECTION X - TUMORS AND NEOPLASMS | | | | |
| | | | | |
| 10A. Does the Veteran currently have, or has had, a benign or malignant neoplasm or metastases related to any condition in the diagnosis section? | | | | |
| 1071. Does the veteral currently have, or has had, a beingir of manginant neoplasm of metastases related to any containor in the diagnosis section: | | | | |
| Yes No If yes, complete this section: | | | | |
| | | | | |
| Yes No If yes, complete this section: | | | | |
| Yes No If yes, complete this section: 10B. The neoplasm is: | | | | |
| Yes No If yes, complete this section: 10B. The neoplasm is: Benign | | | | |
| Yes No If yes, complete this section: 10B. The neoplasm is: Benign Malignant - if malignant, select all that apply: | | | | |
| Yes No If yes, complete this section: 10B. The neoplasm is: Benign Malignant - if malignant, select all that apply: Active In remission | | | | |
| Yes No If yes, complete this section: 10B. The neoplasm is: Benign Malignant - if malignant, select all that apply: Active In remission Primary Secondary (metastatic) If secondary, indicate the primary site, if known: | | | | |
| Yes No If yes, complete this section: 10B. The neoplasm is: Benign Malignant - if malignant, select all that apply: Active In remission Primary Secondary (metastatic) If secondary, indicate the primary site, if known: 10C. Has the Veteran completed treatment or is the Veteran currently undergoing treatment for a benign or malignant neoplasm or metastases? | | | | |
| Yes No If yes, complete this section: 10B. The neoplasm is: Benign Malignant - if malignant, select all that apply: Active In remission Primary Secondary (metastatic) If secondary, indicate the primary site, if known: 10C. Has the Veteran completed treatment or is the Veteran currently undergoing treatment for a benign or malignant neoplasm or metastases? Yes No; watchful waiting | | | | |
| Yes No If yes, complete this section: 10B. The neoplasm is: Benign Malignant - if malignant, select all that apply: In remission Primary Secondary (metastatic) If secondary, indicate the primary site, if known: 10C. Has the Veteran completed treatment or is the Veteran currently undergoing treatment for a benign or malignant neoplasm or metastases? Yes No; watchful waiting If yes, indicate type of treatment the Veteran is currently undergoing or has completed. Check all that apply: | | | | |
| Yes No If yes, complete this section: 10B. The neoplasm is: Benign Malignant - if malignant, select all that apply: Active In remission Primary Secondary (metastatic) If secondary, indicate the primary site, if known: 10C. Has the Veteran completed treatment or is the Veteran currently undergoing treatment for a benign or malignant neoplasm or metastases? Yes No; watchful waiting If yes, indicate type of treatment the Veteran is currently undergoing or has completed. Check all that apply: Treatment completed | | | | |
| Yes No If yes, complete this section: 10B. The neoplasm is: Benign Malignant - if malignant, select all that apply: Active In remission Primary Secondary (metastatic) If secondary, indicate the primary site, if known: 10C. Has the Veteran completed treatment or is the Veteran currently undergoing treatment for a benign or malignant neoplasm or metastases? Yes No; watchful waiting If yes, indicate type of treatment the Veteran is currently undergoing or has completed. Check all that apply: Treatment completed Surgery, if checked, describe: Date of surgery: | | | | |
| Yes No If yes, complete this section: 10B. The neoplasm is: Benign Malignant - if malignant, select all that apply: Active In remission Primary Secondary (metastatic) If secondary, indicate the primary site, if known: 10C. Has the Veteran completed treatment or is the Veteran currently undergoing treatment for a benign or malignant neoplasm or metastases? Yes No; watchful waiting If yes, indicate type of treatment the Veteran is currently undergoing or has completed. Check all that apply: Treatment completed Surgery, if checked, describe: Date of surgery: Radiation therapy | | | | |
| Yes No If yes, complete this section: 10B. The neoplasm is: Benign Malignant - if malignant, select all that apply: In remission Primary Secondary (metastatic) If secondary, indicate the primary site, if known: 10C. Has the Veteran completed treatment or is the Veteran currently undergoing treatment for a benign or malignant neoplasm or metastases? Yes No; watchful waiting If yes, indicate type of treatment the Veteran is currently undergoing or has completed. Check all that apply: Treatment completed Surgery, if checked, describe: Date of surgery: Radiation therapy Date of most recent treatment: Date of completion of treatment or anticipated date of completion: | | | | |
| Yes No If yes, complete this section: 10B. The neoplasm is: Benign Malignant - if malignant, select all that apply: Active In remission Primary Secondary (metastatic) If secondary, indicate the primary site, if known: 10C. Has the Veteran completed treatment or is the Veteran currently undergoing treatment for a benign or malignant neoplasm or metastases? Yes No; watchful waiting If yes, indicate type of treatment the Veteran is currently undergoing or has completed. Check all that apply: Treatment completed Surgery, if checked, describe: Date of surgery: Addiation therapy Date of most recent treatment: Date of completion of treatment or anticipated date of completion: Antineoplastic chemotherapy Date of most recent treatment: Date of completion of treatment or anticipated date of completion: | | | | |
| Yes No If yes, complete this section: 10B. The neoplasm is: Benign Malignant - if malignant, select all that apply: In remission Primary Secondary (metastatic) If secondary, indicate the primary site, if known: 10C. Has the Veteran completed treatment or is the Veteran currently undergoing treatment for a benign or malignant neoplasm or metastases? Yes No; watchful waiting If yes, indicate type of treatment the Veteran is currently undergoing or has completed. Check all that apply: Treatment completed Surgery, if checked, describe: Date of surgery: Addiation therapy Date of most recent treatment: Date of completion of treatment or anticipated date of completion: Antineoplastic chemotherapy | | | | |
| Yes No If yes, complete this section: | | | | |
| Yes No If yes, complete this section: 10B. The neoplasm is: Benign Malignant - if malignant, select all that apply: Active In remission Primary Secondary (metastatic) If secondary, indicate the primary site, if known: 10C Has the Veteran completed treatment or is the Veteran currently undergoing treatment for a benign or malignant neoplasm or metastases? Yes No; watchful waiting If yes, indicate type of treatment the Veteran is currently undergoing or has completed. Check all that apply: Treatment completed Surgery, if checked, describe: Date of surgery: Addiation therapy Date of most recent treatment: Date of completion of treatment or anticipated date of completion: Antineoplastic chemotherapy Date of most recent treatment: Date of completion of treatment or anticipated date of completion: | | | | |

| SECTION X - TUMORS AND NEOPLASMS (continued) | | |
|--|--|--|
| 10D. Does the Veteran currently have any residuals or complications due to the neoplasm (including metastases) or its treatment, other than those already documented in the report above? Yes No | | |
| | | |
| If yes, list residuals or complications (brief summary), and also complete the appropriate questionnaire: | | |
| 10E. If there are additional benign or malignant neoplasms or metastases related to any of the diagnoses in the diagnosis Section, describe using the above format: | | |
| | | |
| SECTION XI - AMPUTATION AND ASSISTIVE DEVICES | | |
| 11A. Has the Veteran had an amputation of an extremity due to a vascular condition? Yes No If yes, complete the Amputations Questionnaire. | | |
| 11B. Does the Veteran use any assistive devices as a normal mode of locomotion, although occasional locomotion by other methods may be possible? | | |
| Yes No If yes, identify assistive devices used. Check all that apply and indicate frequency: | | |
| Wheelchair Frequency of use: | | |
| ☐ Brace(s) Frequency of use: ☐ Occasional ☐ Regular ☐ Constant ☐ Crutch(es) Frequency of use: ☐ Occasional ☐ Regular ☐ Constant | | |
| ☐ Crutch(es) Frequency of use: ☐ Occasional ☐ Regular ☐ Constant ☐ Cane(s) Frequency of use: ☐ Occasional ☐ Regular ☐ Constant | | |
| Walker Frequency of use: Occasional Regular Constant | | |
| Other: | | |
| Frequency of use: Occasional Regular Constant | | |
| 11C. If the Veteran uses any assistive devices, specify the condition, indicate the side, and identify the device used for each condition: | | |
| | | |
| 11D. Due to a vascular condition, is there functional impairment of an extremity such that no effective function remains other than that which would be equally well served by an amputation with prosthesis? Functions of the upper extremity include grasping, manipulation, etc., while functions for the lower extremity include balance, propulsion, etc. | | |
| Yes, functioning is so diminished that amputation with prosthesis would equally well serve the Veteran No | | |
| If yes, indicate extremity(ies). Check all extremities for which this applies: | | |
| Right upper | | |
| Right lower | | |
| Left upper | | |
| Left lower | | |
| 11E. For each checked extremity, describe loss of affected function, identify the condition causing loss of function and provide specific examples. Brief summary: | | |
| CECTION VII. OTHER REPTINENT RUVEICAL FINDINGS, COMPLICATIONS, CONDITIONS, CICKS, CAMPTONS, AND COADS | | |
| SECTION XII - OTHER PERTINENT PHYSICAL FINDINGS, COMPLICATIONS, CONDITIONS, SIGNS, SYMPTOMS, AND SCARS | | |
| 12A. Does the Veteran have any other pertinent physical findings, complications, conditions, signs or symptoms related to the conditions listed in the diagnosis section above?YesNo | | |
| If yes, describe: | | |
| | | |
| 12B. Does the Veteran have any scars or other disfigurement of the skin related to any conditions or to the treatment of any conditions listed in the diagnosis section? | | |
| ○ Yes ○ No | | |
| If yes, complete appropriate dermatological questionnaire. | | |
| 12C. Comments, if any: | | |

| SEC | TION XIII - DIAGNOSTIC TESTING | | | |
|--|--|--|--|--|
| Note: In cases where ABI testing does not clinically reflect the severity of the Veteran's peripheral arterial disease, and the examiner states that AP, TP, and/or T _c PO ₂ testing is needed and not of record, the clinically appropriate testing (AP, TP, and/or T _c PO ₂) is required. | | | | |
| 13A. Has ankle/brachial index (ABI) testing been performed? | ○ Yes ○ No | | | |
| If unable to perform provide reason: | | | | |
| If yes, provide most recent results: | | | | |
| Right ankle/brachial index: Dat | e: | | | |
| Left ankle/brachial index: Dat | e: | | | |
| 13B. If only ABI testing is available, does ABI sufficiently reflect the | severity of the Veteran's peripheral arterial disease? Yes No N/A | | | |
| 13C. Provide the results and dates of testing for the following, if ava | ilable: | | | |
| Right ankle pressure (AP): | Date: | | | |
| Left ankle pressure (AP): | Date: | | | |
| Right toe pressure (TP): | Date: | | | |
| Left toe pressure (TP): | Date: | | | |
| Right foot transcutaneous oxygen tension (T _C PO ₂): | Date: | | | |
| Left foot transcutaneous oxygen tension (T _C PO ₂): | Date: | | | |
| 13D. Are there any other significant diagnostic test findings that were reviewed in conjunction with this examination that are related to the claimed condition(s) and/or diagnosis(es)? Yes No If yes, provide type of test or procedure, date, and results (brief summary): | | | | |
| SEC | CTION XIV - FUNCTIONAL IMPACT | | | |
| Note: Provide the impact of only the diagnosed condition(s), without c | onsideration of the impact of other medical conditions or factors, such as age. | | | |
| 14A. Regardless of the Veteran's current employment status, do the conditions listed in the diagnosis section impact his/her ability to perform any type of occupational task (such as standing, walking, lifting, sitting, etc.)? Yes No If yes, describe the functional impact of each condition, providing one or more examples: | | | | |
| | SECTION XV - REMARKS | | | |
| | | | | |
| 15A. Remarks (if any, please identify the section to which the remark | pertains when appropriate). | | | |
| SECTION XVI - EXA | AMINER'S CERTIFICATION AND SIGNATURE | | | |
| CERTIFICATION - To the best of my knowledge, the information conta | ined herein is accurate, complete and current. | | | |
| 16A. Examiner's signature: | 16B. Examiner's printed name and title (e.g. MD, DO, DDS, DMD, Ph.D, Psy.D, NP, PA-C): | | | |
| | | | | |
| 16C. Examiner's Area of Practice/Specialty (e.g. Cardiology, Orthopedics, Psychology/Psychiatry, General Practice): 16D. Date Signed: | | | | |
| | | | | |
| | | | | |
| 16E. Examiner's phone/fax numbers: 16F | F. National Provider Identifier (NPI) number: 16G. Medical license number and state: | | | |
| | | | | |
| 16H. Examiner's address: | | | | |
| | | | | |
